

Camera Club Exchange Program

Brevard comes to Beaufort

and

Beaufort goes to Brevard!

The Photography Club of Beaufort will host the *Land of Waterfalls Camera Club* (<http://lowccnc.com>) from Brevard, North Carolina, from Sunday, May 3rd to Wednesday May 6th. Members of our club will host LOW members in their homes or guesthouses. A potluck supper is being planned for Sunday night at the home of Karen Harvey at 11 High Field, Lady's Island. Members of our club will get a chance to welcome these photographers and mingle.

Warren and Ginny Bedell, who presented our February program on "Workflow" spent several days in Beaufort, scouting the photographic site. They have organized their itinerary for each day and will lead their group. No assistance from our club is necessary for the actual outing.

In October, members of the Photography Club of Beaufort have been invited to head north to Brevard and spend 3 or 4 days photographing the spectacular fall foliage of the Blue Ridge Parkway, State forests and parks, or downtown Brevard. We have been invited to stay with members of LOW camera club or in hotels nearby. More information and exact dates will be available in late summer. Brevard can be very crowded during this peak season so it was suggested that we plan to come during the week. Our trip is tentatively planned to begin on Sunday, October 11 or 18th.
